

AVIATION SERVICES THE EASy WAY

WHAT WE OFFER.

AIRCRAFT ASSET MANAGEMENT

- Performance of physical aircraft inspections, document and record reviews (e.g. AD/SB status check, life-limited parts assessment)
- Provision of insights into an AOC holder's operation and/or non-commercial operation ("Operator Audit")
- Preparation of retrospective aircraft technical documentation back-ups
- Compilation of detailed reports incl. aircraft pictures (interior/exterior)
- Provision of aircraft appraisals through accurate, detailed assessment of an aircraft's current market value, based on a comprehensive evaluation of the aircraft's present physical condition, the aircraft's records and its flight history
